Guys, don't have time for this! I'm already behind on deliveries after that last stop. I'm goin' on ahead but we gotta let Parmesan know!

Yes ma'am! Max, Rex. You two stick with Rhodette!

I'll bring this guy to Parmesan.

Sorry, PAL, but we can't let you . . .

H-h-hey wait a minute!

Sorry, Ace. You guys mean well but you picked the wrong time to pick on a new arrival. I'm tired of being stepped on!

WOAH! Toma what are you doing? If this is for what I did back there with Bucket I'm SORRRRYYYYYYYYYY

So I'm new to the whole toon thing and don't know my own strength yet. Want to help out? I could use a good training dummy.

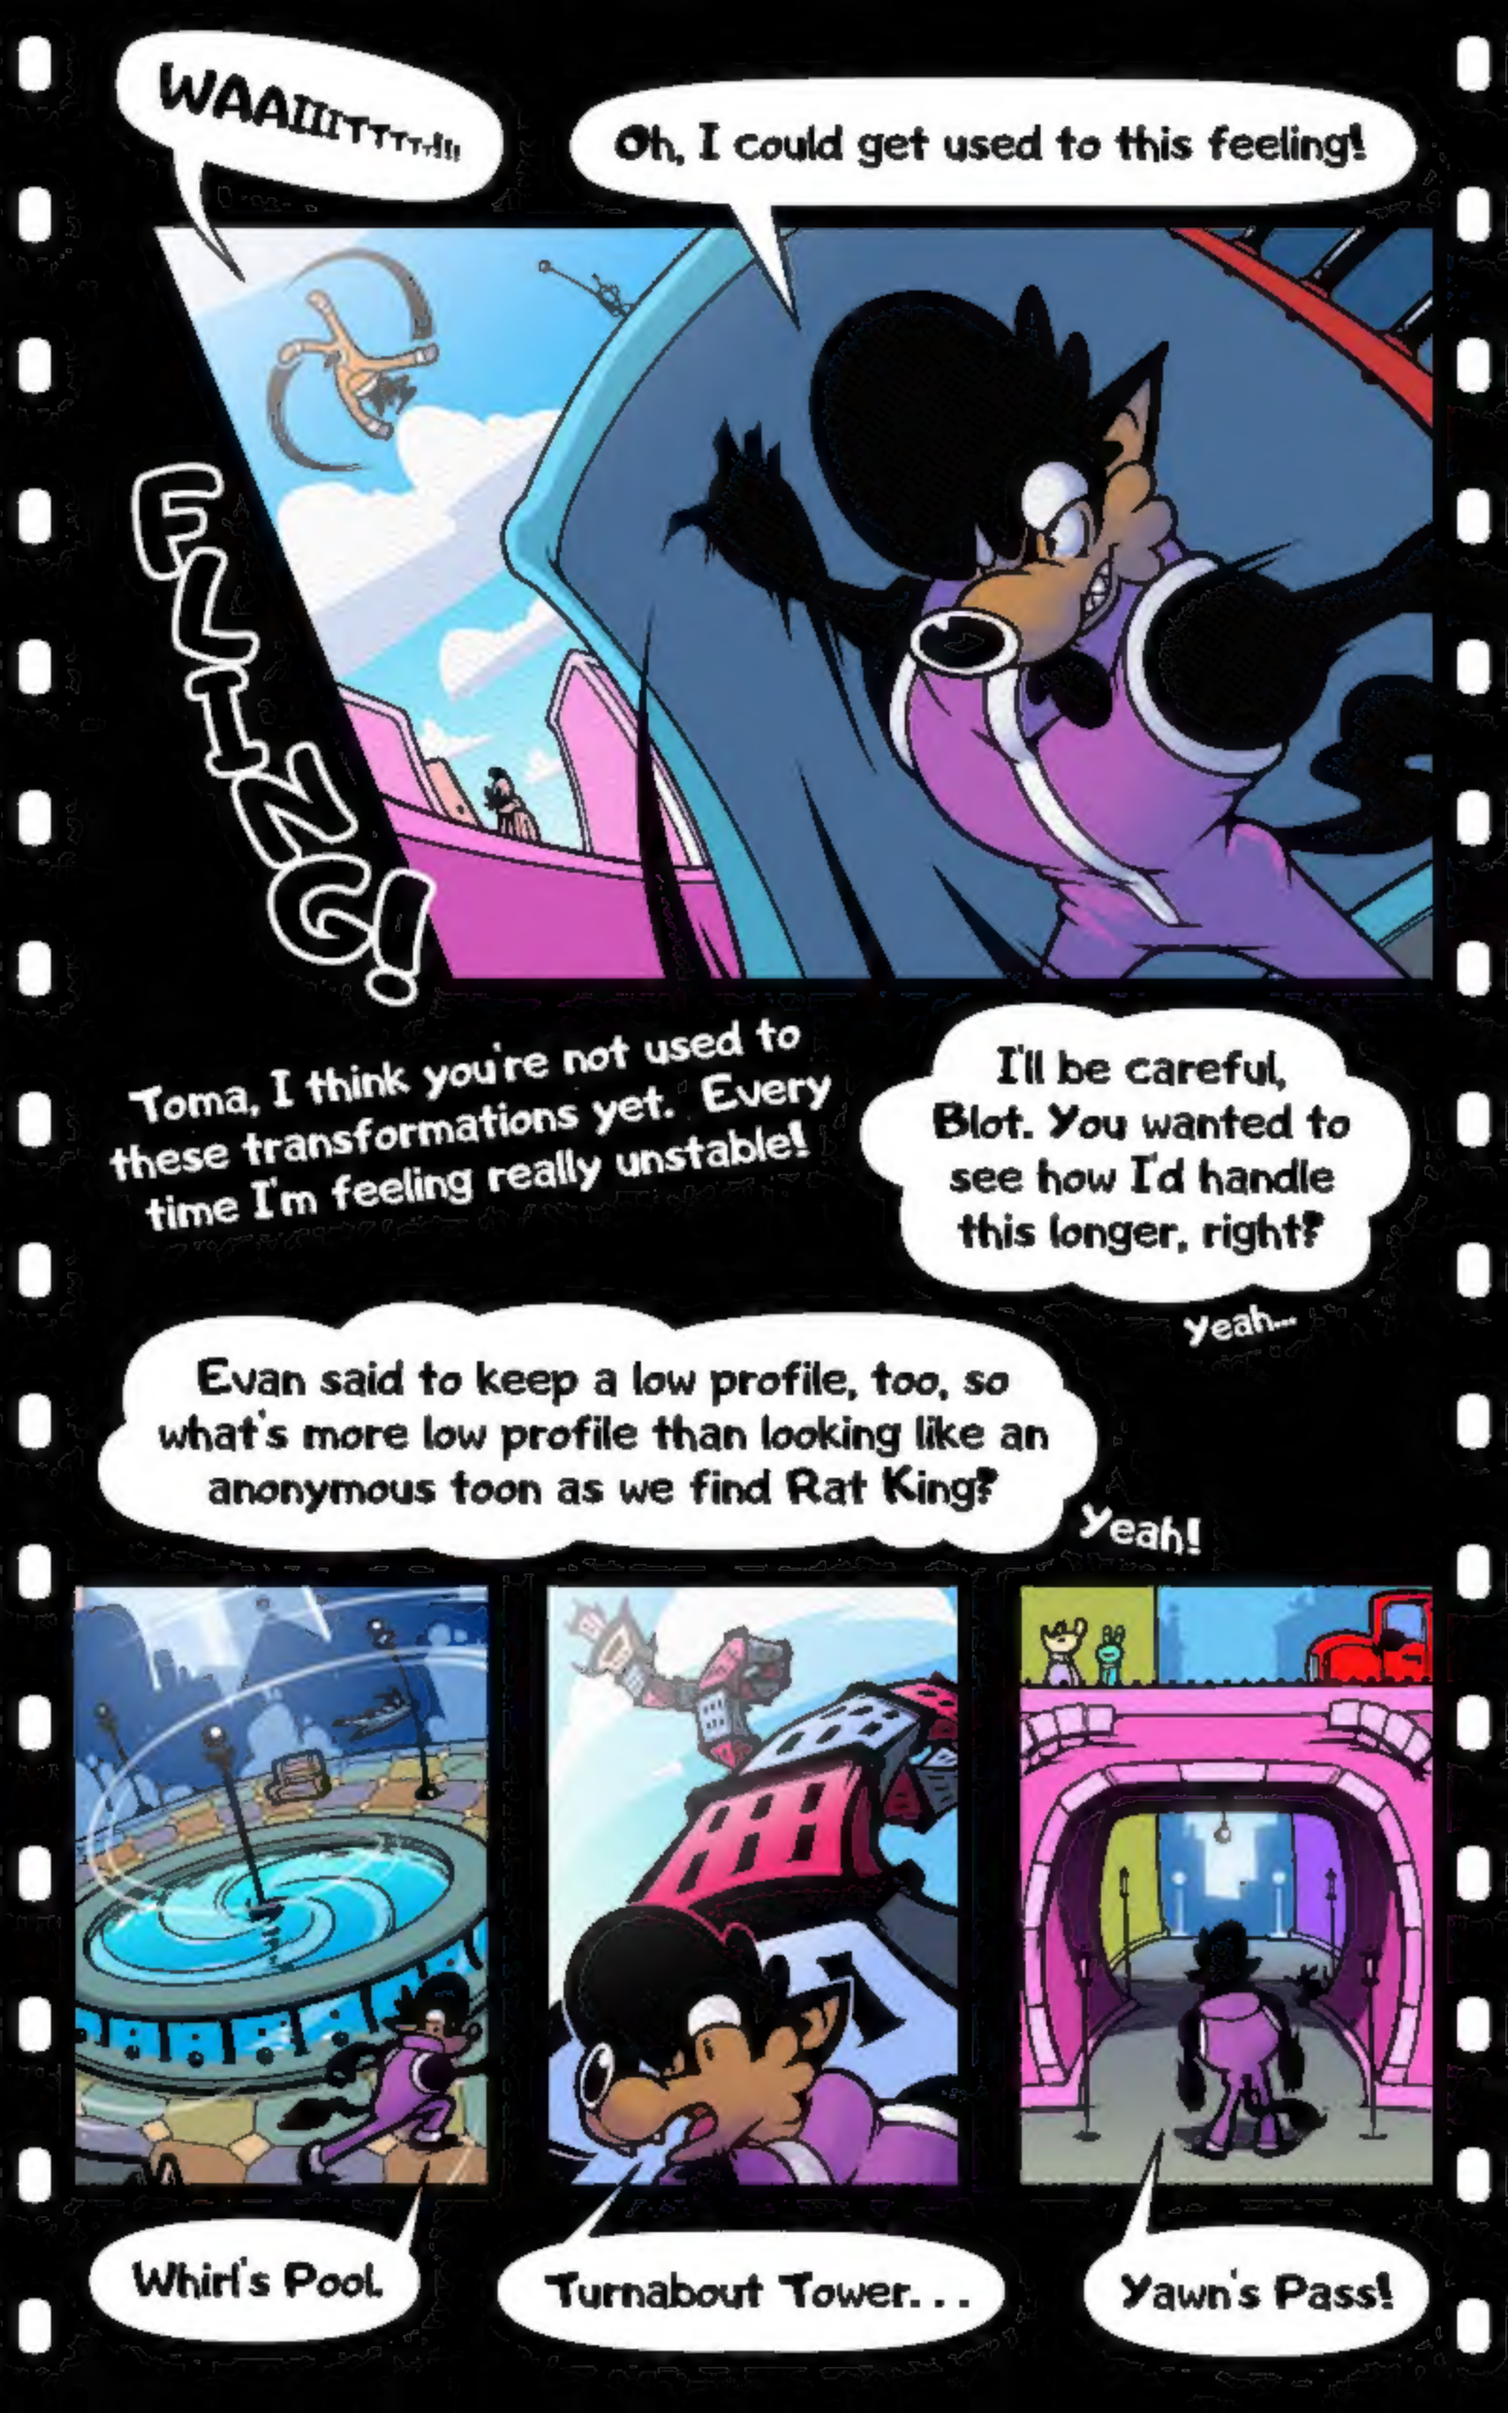
O-oh sir, anything else you n-need?

Well, what I need most is directions. King's Abode. How do I get there?

Rhodette would KILL me if I sent you on that path! Please, Rat King is nothing but a known scoundrel!

You know, dangling like this, you'd make for a darn good punching bag!?

Okay, okay. Okay! Left at Whirl's Pool, right at Turnabout Tower, and straight down Yawn's Pass. I'm still taking you to go see Parmesan whether ~



WAAIIITTTTTH!!
Oh, I could get used to this feeling!
FLIZG!
Toma, I think you're not used to these transformations yet. Every time I'm feeling really unstable!
I'll be careful, Blot. You wanted to see how I'd handle this longer, right?
Yeah...
Evan said to keep a low profile, too, so what's more low profile than looking like an anonymous toon as we find Rat King?
Yeah!
Whirl's Pool.
Turnabout Tower...
Yawn's Pass!

It was nice to see some landmarks without getting into any more trouble.
You held it together well, Toma!
Feeling okay?
Yeah I'm just STARVING!
Huh.
Trudy's castle was a lot more regal in the comics.
